*Keep your office
running while you're
disabled*

American Academy
of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN™

- Up to \$10,000 in monthly benefits
- Economical group rates
- Choice of 12-month or 24-month benefit period

Consider what would happen if you became totally disabled and couldn't work. Would you be able to pay your ongoing office expenses?

You could if you're protected by the AAP-sponsored *Office Overhead Expense Insurance*, which is underwritten by New York Life Insurance Company. This valuable coverage helps provide the financial resources you need to keep your office running until you can return to work.

Make sure your medical practice is protected with *Office Overhead Expense Insurance*, available through the American Academy of Pediatrics Group Insurance Trust. It's the coverage you should consider to keep your office running smoothly in your absence.

Features

Up to \$10,000 in Benefits

You can select monthly benefits up to the total amount of your calculated expenses, in \$100 increments from \$1,000 to \$10,000. It all adds up to money you'll have available to help pay your monthly office expenses.

Elimination Period

Benefits begin on the 31st day of a total disability.

Total Disability means during the elimination period and during the Maximum Disability Benefit Period the complete inability to perform all the material and substantial duties of your profession.

Benefit Period

You can choose one of two benefit periods:

- 12 months or
- 24 months

However, you must remain *totally disabled* and your office overhead expenses must continue. Rates are printed on the last page.

The benefits provided under this policy and the premium will vary depending on the amount of monthly benefit and the benefit period selected.

Recurrent Disability Coverage

Recurring disabilities qualify for coverage under the same benefit period. However, if you return to work for at least six consecutive months between periods of disability, a new waiting period will apply and a new 12 or 24-month benefit period will begin.

Eligibility

All members of the American Academy of Pediatrics who are under age 60, reside in the United States or Canada (excluding Quebec), are not in the military service, and are actively and fully engaged in performing all the regular duties of their profession at least 20 hours per week may apply for coverage. There are both physical and non-physical underwriting requirements of New York Life which must be met. New York Life reserves the right to decline coverage.

If you meet these requirements and your application is accepted, your coverage will begin on the first day of the month following the date your application is approved. For the coverage to become effective, you must pay the initial premium within 31 days after such date and you must be at active full-time work on that date.

Help protect your financial security

100% Eligible Expenses Paid

With this coverage, you receive 100% of the eligible monthly office overhead expenses incurred up to the benefit amount you choose.

What Expenses Are Not Covered

Benefits are not paid for your own salary, fees, drawing account or other remuneration received, the cost of office equipment, the cost of the implements of your profession, income taxes and loan principal, auto rental/leasing and landscaping.

Benefits are not paid for the salaries of or fees paid for the professional services of another physician or for the salaries of an individual hired after your total disability begins.

Tax-Deductible Premiums

According to current Internal Revenue Service rulings, the premiums for this program may be tax deductible as a business expense. Consult your tax advisor for details.

24-Hour, Worldwide Protection

You're always covered with this important protection no matter where you may be or what you're doing—even during sports and recreational activities, as well as in the course of professional duties.

Check Out Your Expenses

* See What Expenses Are Not Covered

As you can see, the cost to keep your office operating would be substantial. But with the AAP-sponsored *Office Overhead Expense Insurance* policy, you can receive benefits for the office expenses listed in the chart. And if you can't work, you'll be assured that these office expenses will be paid.

Other Program Features

- Benefits are paid regardless of other insurance coverage you may have.
- Disabilities caused by sickness which preceded the coverage can also be covered. However, you must disclose complete medical details on your insurance application.
- A 31-day grace period is allowed for payment of premium.
- House confinement is never required to receive office overhead expense benefits. However, you must be under the regular care of a physician other than yourself or a member of your immediate family.

Some Things You Should Know

When Coverage Ends

Your coverage under this plan will continue until you attain age 70 as long as you pay your premiums when due, remain actively and fully engaged in the performance of your medical profession, do not enter the military, reside in the United States or Canada and the group policy is not terminated by either New York Life or the Trustees of the American Academy of Pediatrics Group Insurance Trust.

Incorporation Benefit

If your practice is incorporated, this program will pay benefits in proportion to your ownership in the corporation at the time of your disability. If you have more than one office, benefits will be paid for the *total* of all your eligible office overhead expenses up to the limits you select.

Waiver of Premium

If you are totally disabled due to a covered sickness or injury and have received benefits for at least 6 continuous months, New York Life will waive future payment of your premium, for the duration of the covered total disability.

Full Disclosure of Health History

All sicknesses arising after the insurance is effective are covered (regardless of the date or origin of the ailment), provided your application was true and complete.

Survivor's Benefits

When proof is received that an insured individual died: (1) after total disability has continued for 180 days or more in a row; and (2) while receiving a monthly benefit; then New York Life will pay to the eligible survivor continuing eligible expenses for an additional three months not to exceed a sum equal to three times the last monthly benefit paid to the insured immediately prior to death.
